

GETTING TO KNOW YOU

For DJ Live

Your Name(s)

We use our vast experience in events to tailor our set lists to our clientele, and the best way to do this of course is to get a better understanding of what you and your guests love!

Things to consider:

- At the end of the day, we're here for you – our DJs always have capacity to press the play button on any request no matter how weird it is, if it is obscure, please just send us a high quality mp3 of the track(s) you want played.
- Our sax players/percussionists also have the capacity to jam along to whatever tune is playing. It's what they do best!
- Singers are limited by repertoire and knowledge of songs, so this is where we obviously need a big share of the say in what we're playing.

This form will guide us to find the perfect balance of what songs/genres you love that our singers can smash out of the park!

Get stuck into our selection form below, to give us the best idea of what music will truly make the best experience for you and your guests.
